COVID-19 vaccine claim submission information

Please note

UnitedHealthcare Dental does not cover or reimburse for vaccines or the administration of COVID-19 vaccines for members. COVID-19 vaccinations may be covered and reimbursed pursuant to a member's medical coverage in accordance with the terms and conditions of that medical plan.

While applicable law may permit dental providers to administer the COVID-19 vaccine in certain circumstances, such claims should be submitted to the member's medical plan.

If the member is covered by a UnitedHealthcare medical plan, you can get more information at **UHCprovider.com.**
